FRANKLIN BROTHERS

SCHLEY COURT TRIAL

The Judges and Witnesses Arrive at Washington.

THE HOWISON CASE.

Schley's Counsel Make Charges Which Will Be Heard Before Dewey and Benham Before Proceedings Have Begun.

Washington, Sept. 12.—All the members of the Schley court of inquiry are in Washington, Rear Admiral Howison is the last member to arrive. No summons has yet been issued for Admiral Sampson and it is said very few formal summons have been issued by the department. Although no positive statement on that point was made it was gathered from the attitude of the government officers that they have no present intention of calling Admiral Sampson.

Admiral Schley's counsel has completed the formal challenge to Admiral Howison. This is a very brief document and, according to counsel, will be supported by several witnesses.

The expectation is that an hour or two will be consumed in argument by counsel directed to the two members of the court whose competency is not questioned. Admirals Dewey and Benham then will retire and determine whether or not the statements presented are sufficient to make manifest the incompetency of Rear Admiral Howison. There will be no appeal from the decision of the court on this point. Even the secretary of the navy could not undo its work.

Captain Francis A. Cook who commanded the Brooklyn during the West Indian campaign probably will be the first witness.

The Schley court of inquiry began proceedings today. Schley objected to Admiral Howison and Admirals Dewey and Benham are considering his objection.

AGAINST MEADE.

Accusations Substantiated and Additional Charges Are Made.

Washington, Sept. 12.—The court of inquiry held at the Brooklyn navy yard to investigate the trouble in the marine corps has come to a sensational termination, bringing in a recommendation which may result in very serious consequences for an officer of high rank.

Major C. H. Lauchheimer and Colonel F. L. Denny, charged Colonel Robert L. Meade with drunkenness on duty while an inspection was in progress at the Brooklyn navy yard. Colonel Meade replied by charging Major Lauchheimer with making a false report and Colonel Denny with reporting against him (Meade) in order to cover up irregularities with the contenders on Denny's part.

The court of inquiry acquitted Major Lauchheimer and Colonel Denny of Colonel Meade's charges, sustained the charge against Meade and in addition charged him with violation of the naval regulations in replying with a counter charge when asked for a report and also of false swearing on the witness stand.

The court recommended that the colonel be tried by court martial upon these charges.

Lane Out for Governor.

Austin, Tex., Sept. 12.—It is stated here that Hon. Jonathan Lane of Houston, a prominent attorney who has for years been a leader of the liberal element of the Democratic party in Texas, will be a candidate for the Democratic nomination for governor. He is a gold standard Democrat. The other candidates will probably be M. M. Crane of Dallas, T. M. Campbell of Palestine, J. W. Blake of Sherman, Congressman S. W. T. Lanham of Weatherford; James B. Wells of Brownsville and R. E. Prince of Corsicana.

Nearly Four Thousand Convicts.

Austin, Sept. 12.—The state penitentiary board held its regular monthly meeting here.

The report of Financial Agent W. M. C. Hill for the month of August shows that the total receipts for the month were \$62,834.84 and total disbursements \$66,083.33. The balance on hand is \$15,284.63.

The report of J. S. Rice shows that the total number of convicts on hand Aug. 31 were 3950. During the month 71 convicts were received, 5 recaptured, 8 returned by sheriffs, 101 discharged, 11 pardoned, 10 escaped, 10 died and 1 delivered to sheriff.

Organized Band of Horse Thieves.

Paris, Tex., Sept. 12.—United States Deputy Marshal Cal Berry, in the city from Antlers, I. T., reports that a great deal of horse stealing is going on across the river by an organized gang who have their headquarters on the Boggy, somewhere between the Atoka and

Antlers crossing. A few alleged members of the gang have been arrested, but they appear to be numerous and to carry on their operations as boldly as ever.

Tragedy Near Greenville.

Greenville, Tex., Sept. 12.—E. L. Rogers was shot and killed in the Salem community, 10 miles northwest of here. D. F. Ary and his son-in-law, C. B. Cox, came to town and surrendered. They were released under bonds of \$3000 each.

ATTACKED THE BRITISH.

Boers Fire on Monroe's Column While in a Pass Near Dordrecht.

Pretoria, Sept. 12.—While Colonel Monroe's column was returning from Barkley East to Beersdrecht it was attacked by the Boers under Commandants Fouché and Myburgh in Wolveloof. The advance guard was well in the pass when a terrific fire was opened upon them from the heights above the kloof. The British were in a precarious position on the flat, where there was little or no cover, but they rapidly unlimbered returned a brisk fire. The fighting continued for some time. The British had four wounded and it is reported that the Boers had four killed and considerable wounded.

On the following morning a reconnoitering force with big guns cleared Wolveloof of the Boers, who retreated in the direction of the Drakensburg. The British followed the burghers for a considerable distance, shelling them incessantly.

Movements in Cape Colony.

Cape Town, Sept. 12.—The Riversdale district of Cape Colony has been entirely cleared of the invaders.

Two alleged Boer spies have been arrested at Mossel bay.

The Dordrecht volunteers surprised a party of Boers in a farmhouse and ordered them to surrender. The Boers refused and the British opened fire, wounding General Smutz and another Boer and killing Captain Arbendorff. General Smutz succeeded in making his escape.

Boer Camp Surprised.

Matjesfontein, Cape Colony, Sept. 12. Colonel Crabbe surprised the camp of Vander Merwemost, a lieutenant of Commandant Scheeper, killing him and another Boer and made prisoners of 37.

VETERANS MEET.

The Grand Army of the Republic Began With a Large Attendance.

Cleveland, Sept. 12.—The national convention of the Grand Army of the Republic opened this morning at the Euclid avenue opera house with a large attendance. Intense interest was manifested by delegates in the report of the committee on pensions and it was generally believed the convention would take some radical action bearing on that subject. In his address Commander-in-Chief Rassieur severely criticized the management of the pension bureau.

Report of Adjutant General F. M. Sterrett showed a total membership on June 30, 1901, of 269,507 in 6678 posts; gains during the last year were 30,019 and losses 37,176; the losses were by death 8166, by suspension 19,262, number dropped from the rolls having previously been suspended 7792. The number on the rolls on June 30, last, including 25,440 suspended makes a grand total of 295,057.

EXPRESS WRECKED.

Train Runs Into an Open Switch Injuring Many People.

Chicago, Sept. 12.—The Chicago limited express, westbound, on the West Shore railroad ran over an open switch at Eastwood, about three miles east of this city at 3:30 o'clock this morning and was wrecked. Many persons were injured more or less severely, but although the train was going at a rate of 40 miles an hour, nobody was killed.

The engineer, David Pearsall of Syracuse, was badly cut and severely injured internally. All of the others were cut and bruised.

In three coaches were scores of Forsters from this city, Oswego and other nearby places returning from Newburgh. Many of them were injured.

Outlook in Zapata.

Austin, Sept. 12.—Hon J. O. Nicholson, who represents Webb county in the house of representatives, has returned from Laredo. He says that good rains have fallen in Zapata county within the last few days, putting the ground in good condition for fall planting. With reasonable rains a fair crop of beans and other products can be raised yet this fall, thereby relieving much of the destitution that was said to exist among some of the people. Mr. Nicholson said that ranchmen in Zapata county report tanks full of water and they are removing their cattle back to the pastures which were abandoned by reason of the protracted drought.

account of his prosecution of gambling and game exhibitors and some arrests have been made. The attorney was notified that a conspiracy was hatching to kill him. Assistant City Attorney Roy has also been informed that his life was in danger. Of late he has been prosecuting the inmates of the bawdy houses.

Negroes Lynch Three Negroes.

Cairo, Sept. 12.—News has been received here that a mob of negroes broke into the jail at Wickliffe, Ky., Wednesday night and lynched three negroes, Frank Howard, Sam Feed and Ernest Harrison. They hanged the men to the cross beams. The men lynched were charged with having waylaid robbed and murdered an old and respected negro, Wash Thomas, Saturday night.

Fort Worth, Tex., Sept. 12.—Reports have reached here of a serious flood two miles west of Toyah, which washed out the track of the Texas and Pacific railway. Heavy rains in the mountains north of the railroad caused the floods to sweep down, coming in a solid sheet of water carrying everything before it.

BOTH CLAIM VICTORY.

Revolutionists and Government of Co-
lombia Claim Success.

New York Sept. 12.—According to
advices from Colombia received here
both sides are claiming victories. Ar-
turo de Brijard, the Colombian consul
general here, has received a communi-
cation from Jaime Cordova, governor of
the department of Cauca. He tells of a
government victory at Penta Piedra
over the rebel forces under General
Barriga and also of the defeat of the in-
surgent leader, General Harina, at La
Piedras. In this engagement General
Cordova says the revolutionists lost 200.
General Eduardo Vasquez of the gov-
ernment army was also killed in this
battle. The latter was one of the most
influential and wealthiest citizens of
Antioquia.

According to official advices the re-
bels suffered another defeat at Elhelechal,
department of Santander, in which one
of their chiefs was killed and another
taken prisoner.

General Cordova, who writes that an
invasion from Ecuador is feared, charges
that the president of Ecuador is supply-
ing arms and ammunition to the revo-
lutionists commanded by General Ave-
lino Rosas for this purpose. The gov-
ernor of Cauca added that in a short
time nearly 20,000 men would be under
arms in his department.

The information that has come to the
local agents of the rebellion, however,
gave an entirely different aspect to the
state of affairs. This news tells of a
battle fought at Macneque, department
of Boyaca, which lasted for several
days. The government division under
General Moya Vasquez, governor of
Boyaca, to the number of 3000, attacked
the strongly entrenched force of 1000
rebels commanded by General Benito
Hernandez with the result that the
former was repulsed with a great loss
to their ranks. Besides this, the insur-
gents secured many pack mules, carry-
ing 20,000 cartridges. The scene of this
engagement is an excellent strategic
point, and it is said it will require an
army of 5000 to dislodge the Liberals
from their stronghold. It is not now
known how many were killed and
wounded, but the number is said to
have been large.

General Rafael Uribe-Urbe, chief of
the main army of the rebels, is now said
to be in Santander with 6000 men. His
plan is to engage the government force
from the front while General Hernan-
dez and another commander under Gen.
Polydoro Adirello from Ocaña attack-
ing from the rear, thus practically sur-
rounding the principal detachment of
the government. General Uribe-Urbe
has lately been joined by General Pedro
Rogriez who sailed from here a short
time ago on the steamer Maracaibo.

Kennedy's Granted Bail.

Houston, Sept. 12.—Captain William
Kennedy and his son, Lee, together
with Hymann, who are charged with
the murder of Sheriff Frost of Cham-
bers county, will be released if they can
give bail in the sum of \$2000 each.
Judge Hightower of Wallisville, issued
the order Monday.

Sheriff Archie Anderson, who was
present, believes that humanitarian rea-
sons were responsible for the low bond.
The two Kennedys are confined in a
narrow, uncomfortable cell at Conroe,
and are said to be dying slowly. Lee
Kennedy, it is stated, has galloping
consumption and will not live two months.
His father is also in a serious physical
condition. Hymann has stood the con-
finement better than the others. It is,
however, doubtful if the Kennedys can
give bond. If not, their confinement
must continue.

Attempted Assassination.

Laredo, Tex., Sept. 12.—A cowardly
attempt was made Tuesday night to as-
sassinate the city Marshal of Laredo,
Mike Brannan, while sitting at home
with his family. Marshal Brannan was
startled by the report of a pistol close
to his window, and an investigation
showed where the would-be assassin
had approached within a few feet of
the window and a bullet hole through
the wall indicated where the missile
had passed. No clew has yet been ob-
tained.

Over One Hundred Years.

Mineral Wells, Tex. 12.—Grandma
Sturdivant, who resides five miles south
of town, died at the age of 114 years.
She was a native of Tennessee and could
remember General George Washington
quite well. Up to a few days prior to
her death she could get around the
place as if she was not more than 50.

Baby Burned to Death.

Killeen, Tex., Sept. 12.—The infant
of Walter Alexander was burned to
death near here. The parents had gone
to pick cotton and left the baby with a
4-year-old boy, who struck a match,
igniting the contents of the wagon in
which they were playing and burning
all before the parents returned.

Alleged Whitecapper Acquitted.

Liberty, Mo., Sept. 12.—Merriman
Shannon, who was arrested on a charge
of being a member of a band of white-
caps that visited the home of Etta Fisk
and her children on the night of Aug.
28, and ordered her to leave town in 24
hours, was tried here and acquitted.
The woman and her 9-year-old girl test-
ified that Shannon was one of the men,
but the jury did not give the testimony
much weight.

Jockey Shaw Suspended.

New York, Sept. 12.—The stewards
of the Jockey club, investigating the
ride of Jockey Shaw on Blue Girl in the
great filly stakes last Saturday, sus-
pended Shaw for the remainder of the
Coney Island Jockey club meeting for
negligent riding. The stewards say no
fraud was established.

BACK FROM CAPE TOWN.

Consul Stowe Will Talk of Boer War
When Resignation Accepted.

New York, Sept. 12.—James G. Stowe,
formerly consul general for the United
States at Cape Town, has arrived in
New York and goes at once to Wash-
ington. He says that when he had offi-
cially given up his position by reporting
to the department in Washington, he
will have something to say about the
Boer war. Until then, however, he
declines to talk on the subject.

Mr. Stowe says when he took the po-
sition at Cape Town four years ago the
trade of the United States in South Af-
rica was \$6,000,000. Now, he says, it
is \$20,000,000. Commenting in this con-
nection, "on the smallness of the salary
of the consul general at Cape Town, Mr.
Stowe said:

"In the expansion of American ideas,
which mean to extend the field for
American manufacturers, something will
have to be done to place our consular
force on an equitable financial basis."

Punctuality Rewarded.

Dublin, Ind., Sept. 12.—Miss Julia
Wilson, a school teacher in White coun-
ty, has introduced a new method by
which to prevent tardiness among her
scholars. She announced before the
school that she would kiss the first ar-
rival every morning. Miss Wilson is a
handsome lass of 18 summers, and the
boys declare she is "sweet as a peach."
The first morning after her announce-
ment, as early as 5 o'clock, a number of
the oldest schoolboys were roosting on
the fence awaiting their pretty school
teacher's arrival. At 8 o'clock the en-
tire school was there. The township
trustees also put in an appearance. Miss
Wilson kept her promise.

Repaid Duties With Interest.

New York, Sept. 12.—In the United
States circuit court here Judge La-
Combe handed down an order granting
judgment in favor of the American
Sugar Refining company to recover
\$490,139, with interest, paid by the su-
gar company to Collector Bidwell, on
sugars imported from Porto Rico. The
decision is based on the opinion of the
United States supreme court that Porto
Rico is at the present time a portion of
the territory of the United States and
that goods brought from that island are
not subject to duty in any port here.

Oldest G. A. R. Member.

Fort Wayne, Ind., Sept. 12.—John H.
Reed, living in Adams county, 20 miles
south of here, is probably the oldest
veteran in the United States and cer-
tainly the oldest that is attending the
Grand Army encampment in Cleveland.
He was born in Vermont and has lived
on the farm he now occupies since the
war. He was in the city en route to
Cleveland, and was as lively as any of
the comrades. He said he enlisted near
Cleveland in the One Hundred and
Twenty-fourth Ohio infantry, and passed
through the battles in which the army
corps was engaged.

Found Dead by Side of Track.

Denison, Tex., Sept. 12.—The body of
a man was found by the railroad track
a short distance north of Bond, I. T.,
by trainmen. His clothing was torn
and his skull crushed in a terrible man-
ner. Papers found on the body proved
his name to have been George Stewart.
Further investigation showed that he
had recently been working for a short
time at Checotah as a bricklayer, and
that he held a membership in the Brick-
layers' union at Oklahoma City. He is
supposed to have left Checotah Sunday
night on a southbound freight and pre-
sumably fell from the train.

Plot Against the Duke.

New York, Sept. 12.—The New York
World says that a report has come
from Montreal that several anarchists
had arrived there for the purpose of as-
sassinating the duke of York when he
comes to Montreal. The report further
states that the information concerning
the plot was furnished the mayor of
Montreal by an Italian who says he is
tired of having the name of his country
trailed in the mud by his anarchistic
countrymen. The name of the inform-
ant, so far as it can be deciphered is
Giovanni Cabani.

Bitter Feeling Exists.

Washington, Sept. 12.—The navy de-
partment has received a report by mail
from Commander Sargent of the Ma-
chias, dated Sept. 2, which is in line with
his cable report concerning conditions
in South America. He says there is no
danger to American interests, but that
a bad condition of affairs exists in Co-
lombia and Venezuela. He goes into
details of the insurrections and the bitter
feeling existing between Colombians and
Venezuelans.

Howard's Case Postponed.

Frankfort, Sept. 12.—Judge T. F.
Gordon filed a motion in the Howard
trial here that the mandate of the court
of appeals had not been filed and that
the case could not stand for trial in the
court at this term. Judge Cantrill sus-
tained the motion and Jim Howard will
not be tried at this term of the court.

Town Attacked by Brigands.

Manila, Sept. 12.—A force of brigands
recently attacked and plundered the
town of Cartillina, Island of Negros,
which was guarded by Filipino police.
Three of the latter were killed and five
were wounded. Troops are now search-
ing for the brigands in the mountains.

Marquis Robbed.

London, Sept. 12.—Marquis Anglesey
was robbed of jewels valued at £30,000,
which were taken from a room at Wal-
lingham House while he was at the the-
ater Tuesday evening.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

The attention of the physicians is now mainly directed to the care and treatment of the wound caused by the incision made into the abdomen above the naval where the operation was performed. This wound is progressing satisfactorily.

Another milestone passed on the road to recovery is the discontinuance by the doctors of the figures showing respiration variations in their official bulletins as the president now breathes deeply and normally.

GRIGGS' OPINION.
Anarchists Can Be Dealt With Without Changing the Constitution.
New York, Sept. 12.—Ex-Attorney General Griggs said Wednesday in Patterson, N. J., that the talk of amending the constitution to deal with the situation which arises out of the shooting of President McKinley is unnecessary.

"A law should be passed," he said, "making it an offense punishable by imprisonment for life to be a member of any organization that teaches the murder of public officials. It should be made a capital offense to attempt the

Dr. McBurney Leaves for New York and Some Members Return to Washington—Physicians Declare Czolgosz Is Sane.

Buffalo, Sept. 12.—The seventh day since President McKinley received the wounds which now prostrate him, opened with a heavy rain. The early morning bulletin prepared by Dr. P. M. Rixey, the president's regular physician, who remained with the patient all night, showed Mr. McKinley passed a comfortable night with but little change from Wednesday night's regular official statement of the president's condition.

Wednesday night was the first during which the president has been ill that only one person remained with him during the latter half of the night. Dr. Rixey, who always remains on duty at night, has heretofore had the assistance of one other physician, but on Wednesday night he decided in view of the favorable aspect of the president's case he would stay on duty alone.

About 8:30 o'clock this morning the doctors arrived for the regular morning consultation. The consultation was brief, the shortest since the president was stricken, and when the physicians came out their elation was evident in their smiling countenances. Dr. Minter paused after he jumped into his buggy to announce that everything continued "eminently satisfactory."

"The president had a piece of toast and a cup of coffee," said he, "in addition to his cup of beef broth. He will want a cigar soon."

"Will he be able to sit up soon?"
"No, not for some time," answered the doctor. "Not until the exterior wound in the abdomen heals and grows strong and his heart's action grows normal."

"What is the cause of his accelerated pulse?"
"Oh, I cannot tell you, but it is nothing serious."

Dr. Minter added as he drove away, "The exterior wound is progressing satisfactorily."

Dr. McBurney, who is looked upon as the dean of the corps of physicians in attendance, decided his presence is no longer necessary and left for New York but it is his intention to return in a few days. Secretary Root and Postmaster General Smith also left for Washington. Secretary Hitchcock and Secretary Wilson will remain indefinitely.

The bullet in the body is scarcely ever mentioned now by either the president's friends or physicians. As a factor in the president's condition it is seemingly ignored. The consensus of opinion of physicians is that the wound will not be healed tight for several weeks and that it will be advisable for the president to remain here quietly for about a month.

Buffalo, Sept. 12.—The condition of the president continued favorable all Wednesday and nothing occurred to shake the faith the attending surgeons and physicians have expressed that he will recover. The danger from two sources is pronounced practically over. The holes in the stomach proper, caused by the perforation of the bullet, are now considered healed and the beef tea is being digested to a remarkable degree.

The attention of the physicians is now mainly directed to the care and treatment of the wound caused by the incision made into the abdomen above the naval where the operation was performed. This wound is progressing satisfactorily.

Another milestone passed on the road to recovery is the discontinuance by the doctors of the figures showing respiration variations in their official bulletins as the president now breathes deeply and normally.

Mrs. McKinley still displays the same fortitude she has shown since the tragedy occurred. She went out for a drive again Wednesday and appeared bright and cheerful.

GRIGGS' OPINION.
Anarchists Can Be Dealt With Without Changing the Constitution.
New York, Sept. 12.—Ex-Attorney General Griggs said Wednesday in Patterson, N. J., that the talk of amending the constitution to deal with the situation which arises out of the shooting of President McKinley is unnecessary.

"A law should be passed," he said, "making it an offense punishable by imprisonment for life to be a member of any organization that teaches the murder of public officials. It should be made a capital offense to attempt the

life of the chief executive and of the higher officers of the government whether it succeeds or not. This is not like ordinary attempted murder. The object of the crime is the subversion of the government and is therefore aimed at every citizen of the republic.

"Another law should be passed prohibiting importation into this country of all persons who are members of organizations that hold and teach these murderous doctrines and still another privilege for the deportation of all such persons."

WORKING ON LAWS.
Connell and Powderly Drafting Measures to Keep Out Anarchists.

Scranton, Pa., Sept. 12.—Congressman W. S. Connell and Commissioner General of Immigration Powderly are in consultation regarding the drafting of a series of bills tending to deter anarchist crimes like that of last Friday at Buffalo. Mr. Powderly will work on the revision of the laws relating to immigration so as to prohibit the landing of anarchists. Congressman Connell will look out after the matter of penalizing assaults on the person of the president and other officials. Mr. Connell proposes to have such assaults made a treasonable offense and declares that if the constitution stands in the way he will not stop short of an effort to change the constitution.

Czolgosz Sane.
Buffalo, Sept. 12.—Czolgosz has been pronounced sane by the physicians who examined him at the request of the district attorney and in his presence.

In the hour he was before the physicians he was questioned about his antecedents. He declared there never had been a case of insanity in his family, nor had there been cases of diseases likely to affect the reason.

Dr. Crege took measurements of his head, examined his eyes and made a general physical survey of the assassin. He and Dr. Fowler said with hesitancy the man was sane and in their judgment was sane when he attempted to kill the president.

Reward for Parker.
Vicksburg, Sept. 12.—The board of trade, through resolutions adopted, inaugurated a movement with the object of presenting a suitable testimonial to James B. Parker, the negro who had a hand in overpowering the would-be assassin of the president. The resolutions were approved by all classes of citizens.

Czolgosz from Prussia.
Posen, Prussia, Sept. 12.—The family of Leon Czolgosz hails from Cerkwice, near Znin, in the province of Posen.

Stone Released.
Camden, N. J., Sept. 12.—Ethelbert Stone, the laborer, who was arrested here on suspicion of being an accomplice in aiding and abetting the attempted assassination of President McKinley, has been released. After a careful investigation the secret service agents could find nothing incriminating against the young man.

Held Without Bail.
Chicago, Sept. 12.—Magistrate Prindaville decided that Emma Goldman, the anarchist lecturer under arrest here, should be held without bail pending the decision of similar cases in the upper court. The action of the justice extends only to Friday of this week. At that time the question will be reconsidered and the magistrate will decide whether she shall be held without bail or released under bond until the preliminary hearing of the charges against her, which is set for Sept. 19.

Extradition Movement.
Buffalo, Sept. 12.—Preliminary steps to secure the extradition of Emma Goldman, the anarchist leader under arrest at Chicago for alleged complicity in the plot to kill President McKinley, have been taken for her removal to this state.

Held Without Bail.
Chicago, Sept. 12.—Judge Chetlain has decided to hold the Isaaks and the other alleged anarchists without bail until Friday, when argument will be heard on habeas corpus petition.

Policeman Suspended.
Kingston, N. Y., Sept. 12.—Mayor Phinney has suspended Policeman Frederick Heppner for his remarks regarding the attempted assassination of President McKinley. Heppner said it was a pity some more people were not shot who insisted on making rich people richer and poor people poorer and that the president's death would equalize wealth.

Tarred and Feathered.
Casper, Wyo., Sept. 12.—Hans Wagner, who is said to have expressed sympathy with Czolgosz, was tarred and feathered and ridden out of town on a rail. He was warned that if he should return he would be lynched.

Longshoremen Strike.
New Orleans, Sept. 12.—The business port of New Orleans is temporarily tied up on account of a strike of longshoremen. The cause of the strike is a demand made by the longshoremen for an increase from 40 cents an hour straight to 60 cents for night work and 80 cents for Sunday work.

Quiet in Strike District.
Pittsburg, Sept. 12.—Quiet prevailed at all points affected by the strike in this vicinity, in marked contrast to the excitement and disorder of the past few days. No change in the situation at the mills.

Tramps Attacks a Train.
Chippewa Falls, Wis., Sept. 12.—A gang of tramps attempted to hold up a Wisconsin Central freight train at Irvine and exchanged shot with the train men. One tramp was shot in the leg and five were arrested.

SCHLEY COURT TRIAL

The Judges and Witnesses Arrive
at Washington.

THE HOWISON CASE.

Schley's Counsel Make Charges Which
Will Be Heard Before Dewey
and Benham Before Proceed-
ings Have Begun.

Washington, Sept. 12.—All the mem-
bers of the Schley court of inquiry are
in Washington. Rear Admiral Howison
is the last member to arrive. No sum-
mons has yet been issued for Admiral
Sampson and it is said very few formal
summons have been issued by the de-
partment. Although no positive state-
ment on that point was made it was
gathered from the attitude of the gov-
ernment officers that they have no present
intention of calling Admiral Samp-
son.

Admiral Schley's counsel has com-
pleted the formal challenge to Admiral
Howison. This is a very brief docu-
ment and, according to counsel, will be
supported by several witnesses.

The expectation is that an hour or
two will be consumed in argument by
counsel directed to the two members of
the court whose competency is not ques-
tioned. Admirals Dewey and Benham
then will retire and determine whether
or not the statements presented are suf-
ficient to make manifest the incompe-
tency of Rear Admiral Howison. There
will be no appeal from the decision of
the court on this point. Even the sec-
retary of the navy could not undo its
work.

Captain Francis A. Cook who com-
manded the Brooklyn during the West
Indian campaign probably will be the
first witness.

The Schley court of inquiry began
proceedings today. Schley objected
to Admiral Howison and Admirals
Dewey and Benham are considering his
objection.

AGAINST MEADE.

Accusations Substantiated and Additional
Charges Are Made.

Washington, Sept. 12.—The court of
inquiry held at the Brooklyn navy
yard to investigate the trouble in the
marine corps has come to a sensational
termination, bringing in a recommen-
dation which may result in very serious
consequences for an officer of high
rank.

Major O. H. Lauchheimer and Colonel
F. L. Denny, charged Colonel Robert
L. Meade with drunkenness on duty
while an inspection was in progress at
the Brooklyn navy yard. Colonel
Meade replied by charging Major
Lauchheimer with making a false re-
port and Colonel Denny with reporting
against him (Meade) in order to cover
up irregularities with the contenders on
Denny's part.

The court of inquiry acquitted Major
Lauchheimer and Colonel Denny of Col-
onel Meade's charges, sustained the
charge against Meade and in addition
charged him with violation of the na-
val regulations in replying with a
counter charge when asked for a report
and also of false swearing on the wit-
ness stand.

The court recommended that the col-
onel be tried by court martial upon
these charges.

Lane Out for Governor.

Austin, Tex., Sept. 12.—It is stated
here that Hon. Jonathan Lane of Hous-
ton, a prominent attorney who has for
years been a leader of the liberal ele-
ment of the Democratic party in Texas,
will be a candidate for the Democratic
nomination for governor. He is a gold
standard Democrat. The other candi-
dates will probably be M. M. Crane of
Dallas, T. M. Campbell of Palestine, J.
W. Blake of Sherman, Congressman S.
W. T. Lanham of Weatherford; James
B. Wells of Brownsville and R. E.
Prince of Corsicana.

Nearly Four Thousand Convicts.

Austin, Sept. 12.—The state penitentiary
board held its regular monthly
meeting here.

The report of Financial Agent W. M.
C. Hill for the month of August shows
that the total receipts for the month
were \$52,834.84 and total disbursements
\$56,083.33. The balance on hand is \$15,-
284.63.

The report of J. S. Rice shows that
the total number of convicts on hand
Aug. 31 were 3950. During the month
71 convicts were received, 5 recaptured,
8 returned by sheriffs, 101 discharged,
11 pardoned, 10 escaped, 10 died and 1
delivered to sheriff.

Organized Band of Horse Thieves.

Paris, Tex., Sept. 12.—United States
Deputy Marshal Cal Berry, in the city
from Antlers, I. T., reports that a great
deal of horse stealing is going on across
the river by an organized gang who
have their headquarters on the Boggy,
somewhere between the Atoka and

Antlers crossing. A few alleged mem-
bers of the gang have been arrested,
but they appear to be numerous and to
carry on their operations as boldly as
ever.

Tragedy Near Greenville.

Greenville, Tex., Sept. 12.—E. L.
Rogers was shot and killed in the Sa-
lem community, 10 miles northwest of
here. D. F. Ary and his son-in-law, C.
E. Cox, came to town and surrendered.
They were released under bonds of \$3000
each.

ATTACKED THE BRITISH.

Boers Fire on Monroe's Column While
in a Pass Near Dordrecht.

Pretoria, Sept. 12.—While Colonel
Monroe's column was returning from
Barkley East to Beersdrecht it was at-
tacked by the Boers under Command-
ants Pouches and Myburgh in Wolvek-
loof. The advance guard was well in
the pass when a terrific fire was opened
upon them from the heights above the
kloof. The British were in a precarious
position on the flat, where there
was little or no cover, but they rapidly
unlimbered returned a brisk fire. The
fighting continued for some time. The
British had four wounded and it is re-
ported that the Boers had four killed
and considerable wounded.

On the following morning a recon-
nitering force with big guns cleared
Wolveloof of the Boers, who retreated
in the direction of the Drakensburg.
The British followed the burghers for a
considerable distance, shelling them in-
cessantly.

Movements in Cape Colony.

Cape Town, Sept. 12.—The Riversdale
district of Cape Colony has been entire-
ly cleared of the invaders.

Two alleged Boer spies have been ar-
rested at Mossel bay.

The Dordrecht volunteers surprised a
party of Boers in a farmhouse and or-
dered them to surrender. The Boers
refused and the British opened fire,
wounding General Smutz and another
Boer and killing Captain Arbendorff.
General Smutz succeeded in making his
escape.

Boer Camp Surprised.

Matjesfontein, Cape Colony, Sept. 12.
Colonel Crabbe surprised the camp of
Vander Merwemost, a lieutenant of
Commandant Scheepers, killing him and
another Boer and made prisoners of 37.

VETERANS MEET.

The Grand Army of the Republic began
with a large attendance.

Cleveland, Sept. 12.—The national
convention of the Grand Army of the
Republic opened this morning at
the Euclid avenue opera house with a
large attendance. Intense interest was
manifested by delegates in the report of
the committee on pensions and it was
generally believed the convention would
take some radical action bearing on that
subject. In his address Commander-in-
Chief Rassieur severely criticized the
management of the pension bureau.

Report of Adjutant General F. M.
Sterrett showed a total membership on
June 30, 1901, of 269,507 in 6678 posts;
gains during the last year were 30,019
and losses 37,176; the losses were by
death \$168, by suspension 19,263, num-
ber dropped from the rolls having pre-
viously been suspended 7722. The num-
ber on the rolls on June 30, last, in-
cluding 25,450 suspended makes a grand
total of 295,057.

EXPRESS WRECKED.

Train Runs into an Open Switch Injur-
ing Many People.

Chicago, Sept. 12.—The Chicago lim-
ited express, westbound, on the West
Store railroad ran over an open switch
at Eastwood, about three miles east of
this city at 3:30 o'clock this morning
and was wrecked. Many persons were
injured more or less severely, but al-
though the train was going at a rate of
40 miles an hour, nobody was killed.

The engineer, David Pearsall of Syra-
cuse, was badly cut and severely injured
internally. All of the others were cut
and bruised.

In three coaches were scores of For-
esters from this city, Oswego and New-
burgh. Many of them were injured.

Outlook in Zapata.

Austin, Sept. 12.—Hon J. O. Nichol-
son, who represents Webb county in the
house of representatives, has returned
from Laredo. He says that good rains
have fallen in Zapata county within the
last few days, putting the ground in
good condition for fall planting. With
reasonable rains a fair crop of beans and
other products can be raised yet this
fall, thereby relieving much of the des-
titution that was said to exist among
some of the people. Mr. Nicholson said
that ranchmen in Zapata county report
tanks full of water and they are remov-
ing their cattle back to the pastures
which were abandoned by reason of the
protracted drought.

There are now 4004 convicts in Texas.

They now call Sampson "the man behind the horizon."

Czolgosz is pronounced Tschalgotch, but it looks to us like it might be just plain Dennis.

Why not get requisition papers for the entire state of New Jersey and attend to the trusts and anarchists all at once, using the decent people of the state for witnesses.

Grandma Sturdivant, who lived near Mineral Wells, Texas, died at her home last Sunday at the age of 116 years. She was a native of Tennessee, and could remember George Washington well.

The Schley court of inquiry has entered upon its duties and the masses of the American people hope for a complete vindication of the hero of Santiago in spite of the schemes of the Sampson clique.

Emma Goldman has probably made her last successful appearance as a hot air exponent of anarchy in this country. She will at least, we presume, be asked to pack her traps and take permanent leave of Uncle Sam's dominions.

Waco has in jail a negro charged with a novel case of theft. He drilled holes through the floor of a beer car and into the kegs of beer securing copious streams of the amber fluid. He and his friends did a rushing business with cans for awhile, and finally after drinking heavily he fell asleep under the car and was caught.

BOTH CLAIM VICTORY.

Revolutionists and Government of Colombia Claim Success.

New York Sept. 12.—According to advices from Colombia received here both sides are claiming victories. Arturo de Brijard, the Colombian consul general here, has received a communication from Jaime Cordova, governor of the department of Cauca. He tells of a government victory at Penta Piedra over the rebel forces under General Barriga and also of the defeat of the insurgent leader, General Harina, at La Piedras. In this engagement General Cordova says the revolutionists lost 200. General Eduardo Vasquez of the government army was also killed in this battle. The latter was one of the most influential and wealthiest citizens of Antioquia.

According to official advices the rebels suffered another defeat at Elhelechal, department of Santander, in which one of their chiefs was killed and another taken prisoner.

General Cordova, who writes that an invasion from Ecuador is feared, charges that the president of Ecuador is supplying arms and ammunition to the revolutionists commanded by General Avellino Rosas for this purpose. The governor of Cauca added that in a short time nearly 20,000 men would be under arms in his department.

The information that has come to the local agents of the rebellion, however, gave an entirely different aspect to the state of affairs. This news tells of a battle fought at Macaqueque, department of Boyaca, which lasted for several days. The government division under General Moya Vasquez, governor of Boyaca, to the number of 3000, attacked the strongly entrenched force of 1000 rebels commanded by General Benito Hernandez with the result that the former was repulsed with a great loss to their ranks. Besides this, the insurgents secured many pack mules, carrying 20,000 cartridges. The scene of this engagement is an excellent strategic point, and it is said it will require an army of 5000 to dislodge the Liberals from their stronghold. It is not now known how many were killed and wounded, but the number is said to have been large.

General Rafael Uribe-Urbe, chief of the main army of the rebels, is now said to be in Santander with 6000 men. His plan is to engage the government force from the front while General Hernandez and another commander under Gen. Polydoro Adriele from Ocaña attacking from the rear, thus practically surrounding the principal detachment of the government. General Uribe-Urbe has lately been joined by General Pedro Rogrieux who sailed from here a short time ago on the steamer Maracaibo.

Kennedys Granted Bail.

Houston, Sept. 12.—Captain William Kennedy and his son, Lee, together with Hymann, who are charged with the murder of Sheriff Frost of Chambers county, will be released if they can give bail in the sum of \$2000 each. Judge Hightower of Wallisville, issued the order Monday.

Sheriff Archie Anderson, who was present, believes that humanitarian reasons were responsible for the low bond. The two Kennedys are confined in a narrow, uncomfortable cell at Conroe, and are said to be dying slowly. Lee Kennedy, it is stated, has galloping consumption and will not two months. His father is also in a serious physical condition. Hymann has stood the confinement better than the others. It is, however, doubtful if the Kennedys can give bond. If not, their confinement must continue.

Attempted Assassination.

Laredo, Tex., Sept. 12.—A cowardly attempt was made Tuesday night to assassinate the city Marshal of Laredo, Mike Brannan, while sitting at home with his family. Marshal Brannan was startled by the report of a pistol close to his window, and an investigation showed where the would-be assassin had approached within a few feet of the window and a bullet hole through the wall indicated where the missile had passed. No clue has yet been obtained.

Over One Hundred Years.

Mineral Wells, Tex. 12.—Grandma Sturdivant, who resides five miles south of town, died at the age of 114 years. She was a native of Tennessee and could remember General George Washington quite well. Up to a few days prior to her death she could get around the place as if she was not more than 50.

Baby Burned to Death.

Killeen, Tex., Sept. 12.—The infant of Walter Alexander was burned to death near here. The parents had gone to pick cotton and left the baby with a 4-year-old boy, who struck a match, igniting the contents of the wagon in which they were playing and burning all before the parents returned.

Alleged Whitecap Acquitted.

Liberty, Mo., Sept. 12.—Merriman Shatto, who was arrested on a charge of being a member of a band of whitecaps that visited the home of Etta Fisk and her children on the night of Aug. 28, and ordered her to leave town in 24 hours, was tried here and acquitted. The woman and her 9-year-old girl testified that Shatto was one of the men, but the jury did not give the testimony much weight.

Jockey Shaw Suspended.

New York, Sept. 12.—The stewards of the Jockey club, investigating the ride of Jockey Shaw on Blue Girl in the great filly stakes last Saturday, suspended Shaw for the remainder of the Coney Island Jockey club meeting for negligent riding. The stewards say no fraud was established.

BACK FROM CAPE TOWN.

Consul Stowe Will Talk of Boer War When Resignation Accepted.

New York, Sept. 12.—James G. Stowe, formerly consul general for the United States at Cape Town, has arrived in New York and goes at once to Washington. He says that when he had officially given up his position by reporting to the department in Washington, he will have something to say about the Boer war. Until then, however, he declines to talk on the subject.

Mr. Stowe says when he took the position at Cape Town four years ago the trade of the United States in South Africa was \$6,000,000. Now, he says, it is \$20,000,000. Commenting in this connection, "on the smallness of the salary of the consul general at Cape Town, Mr. Stowe said:

"In the expansion of American ideas, which mean to extend the field for American manufacturers, something will have to be done to place our consular force on an equitable financial basis."

Punctuality Rewarded.

Dublin, Ind., Sept. 12.—Miss Julia Wilson, a school teacher in White county, has introduced a new method by which to prevent tardiness among her scholars. She announced before the school that she would kiss the first arrival every morning. Miss Wilson is a handsome lass of 18 summers, and the boys declare she is "sweet as a peach." The first morning after her announcement, as early as 5 o'clock, a number of the oldest schoolboys were roosting on the fence awaiting their pretty school teacher's arrival. At 8 o'clock the entire school was there. The township trustees also put in an appearance. Miss Wilson kept her promise.

Repaid Duties With Interest.

New York, Sept. 12.—In the United States circuit court here Judge LaCombe handed down an order granting judgment in favor of the American Sugar Refining company to recover \$490,139, with interest, paid by the sugar company to Collector Bidwell, on sugars imported from Porto Rico. The decision is based on the opinion of the United States supreme court that Porto Rico is at the present time a portion of the territory of the United States and that goods brought from that island are not subject to duty in any port here.

Oldest G. A. R. Member.

Fort Wayne, Ind., Sept. 12.—John H. Reed, living in Adams county, 20 miles south of here, is probably the oldest veteran in the United States and certainly the oldest that is attending the Grand Army encampment in Cleveland. He was born in Vermont and has lived on the farm he now occupies since the war. He was in the city en route to Cleveland, and was as lively as any of the comrades. He said he enlisted near Cleveland in the One Hundred and Twenty-fourth Ohio infantry, and passed through the battles in which the army corps was engaged.

Found Dead by Side of Track.

Denison, Tex., Sept. 12.—The body of a man was found by the railroad track a short distance north of Bond, I. T., by trainmen. His clothing was torn and his skull crushed in a terrible manner. Papers found on the body proved his name to have been George Stewart. Further investigation showed that he had recently been working for a short time at Checotah as a bricklayer, and that he held a membership in the Bricklayers' union at Oklahoma City. He is supposed to have left Checotah Sunday night on a southbound freight and presumably fell from the train.

Plot Against the Duke.

New York, Sept. 12.—The New York World says that a report has come from Montreal that several anarchists had arrived there for the purpose of assassinating the duke of York when he comes to Montreal. The report further states that the information concerning the plot was furnished the mayor of Montreal by an Italian who says he is tired of having the name of his country trailed in the mud by his anarchistic countrymen. The name of the informant, so far as it can be deciphered is Giovanni Cabani.

Bitter Feeling Exists.

Washington, Sept. 12.—The navy department has received a report by mail from Commander Sargent of the Machias, dated Sept. 2, which is in line with his cable report concerning conditions in South America. He says there is no danger to American interests, but that a bad condition of affairs exists in Colombia and Venezuela. He goes into details of the insurrections and the bitter feeling existing between Colombians and Venezuelans.

Howard's Case Postponed.

Frankfort, Sept. 12.—Judge T. F. Gordon filed a motion in the Howard trial here that the mandate of the court of appeals had not been filed and that the case cannot stand for trial in the court at this term. Judge Cantrill sustained the motion and Jim Howard will not be tried at this term of the court.

Town Attacked by Brigands.

Manila, Sept. 12.—A force of brigands recently attacked and plundered the town of Cartillina, Island of Negros, which was guarded by Filipino police. Three of the latter were killed and five were wounded. Troops are now searching for the brigands in the mountains.

London, Sept. 12.—Marquis Anglesey was robbed of jewels valued at £30,000, which were taken from a room at Wallingham House while he was at the theater Tuesday evening.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

To Cure Dyspepsia and Indigestion.

Where do You Get Off?

It is a wise thing to know when to get off a train, but prudence would suggest that you get off when the train is standing still, as you would no doubt be worth more to your family by doing so.

Now let us help you to decide where to get off. If you are preparing to take your summer vacation, why not get off at Galveston, La Porte, Seabrook or Port Lavaca. Our trains all stop at Houston and make close connections with G. H. & N. and N. Y. T. & M. railways for points mentioned, and with the San Antonio and Aransas Pass Railway for Rockport, Corpus Christi and Aransas Pass.

All the hotels at these points are modern in their appointments and you will find the surt bathing, boating and fishing, just what you need in the way of relaxation. Local Agents of the Houston & Texas Central Railroad will be glad to quote you rates, or you should write to

DOCTORS CONFIDENT.

No Longer Doubt the Ultimate Re-
covery of the President.

TAKES SOLID FOOD.

Dr. McBurney Leaves for New York
and Some Members Return to
Washington—Physician De-
cide Czolgosz Is Sane.

Buffalo, Sept. 12.—The seventh day
since President McKinley received the
wounds which now prostrate him, op-
ened with a heavy rain. The early
morning bulletin prepared by Dr. P. M.
Rixey, the president's regular physi-
cian, who remained with the patient all
night, showed Mr. McKinley passed a
comfortable night with but little change
from Wednesday night's regular offi-
cial statement of the president's con-
dition.

Wednesday night was the first dur-
ing which the president has been ill
that only one person remained with
him during the latter half of the night.
Dr. Rixey, who always remains on duty
at night, has heretofore had the as-
sistance of one other physician, but on
Wednesday night he decided in view of
the favorable aspect of the president's
case he would stay on duty alone.

About 8:30 o'clock this morning the
doctors arrived for the regular morning
consultation. The consultation was
brief, the shortest since the president
was stricken, and when the physicians
came out their elation was evident in
their smiling countenances. Dr. Min-
ter paused after he jumped into his
buggy to announce that everything
continued "eminently satisfactory."

"The president had a piece of toast
and a cup of coffee," said he, "in ad-
dition to his cup of beef broth. He will
want a cigar soon."

"Will he be able to sit up soon?"
"No, not for some time," answered
the doctor. "Not until the exterior
wound in the abdomen heals and grows
strong and his heart's action grows nor-
mal."

"What is the cause of his accelerated
pulse?"

"Oh, I cannot tell you, but it is noth-
ing serious."

Dr. Minter added as he drove away,
"The exterior wound is progressing sat-
isfactorily."

Dr. McBurney, who is looked upon as
the dean of the corps of physicians in at-
tendance, decided his presence is no
longer necessary and left for New York
but it is his intention to return in a
few days. Secretary Root and Postmas-
ter General Smith also left for Wash-
ington. Secretary Hitchcock and Sec-
retary Wilson will remain indefinitely.

The bullet in the body is scarcely
ever mentioned now by either the
president's friends or physicians. As a
factor in the president's condition it is
seemingly ignored. The consensus of
opinion of physicians is that the out-
wound will no be healed tight for sev-
eral weeks and that it will be advisa-
ble for the president to remain here
quietly for about a month.

Buffalo, Sept. 12.—The condition of
the president continued favorable all
Wednesday and nothing occurred to
shake the faith the attending surgeons
and physicians have expressed that he
will recover. The danger from two
sources is pronounced practically over.
The holes in the stomach proper, caused
by the perforation of the bullet, are
now considered healed and the beef tea
is being digested to a remarkable de-
gree.

The attention of the physicians is now
mainly directed to the care and treat-
ment of the wound caused by the inci-
sion made into the abdomen above the
naval where the operation was per-
formed. This wound is progressing sat-
isfactorily.

Another milestone passed on the road
to recovery is the discontinuance by the
doctors of the figures showing respira-
tion variations in their official bulletins
as the president now breathes deeply
and normally.

Mrs. McKinley still displays the same
fortitude she has shown since the trag-
edy occurred. She went out for a drive
again Wednesday and appeared bright
and cheerful.

The five members of the cabinet who
are here talked over pending public
questions for over an hour Wednesday
at the Glenn House, adjoining the
Milburn residence, but it is understood
that no action resulted. The South
American situation was gone over and
there was an exchange of opinion re-
garding the legal phases of the case
against the would-be assassin.

GRIGGS' OPINION.

Anarchists Can Be Dealt With Without
Changing the Constitution.

New York, Sept. 12.—Ex-Attorney
General Griggs said Wednesday in Pat-
erson, N. J., that the talk of amend-
ing the constitution to deal with the sit-
uation which arises out of the shooting of
President McKinley is unnecessary.

"A law should be passed," he said,
"making it an offense punishable by
imprisonment for life to be a member of
any organization that teaches the mur-
der of public officials. It should be
made a capital offense to attempt the

life of the chief executive and of the
higher officers of the government
whether it succeeds or not. This is not
like ordinary attempted murder. The
object of the crime is the subversion of
the government and is therefore aimed
at every citizen of the republic.

"Another law should be passed pro-
hibiting importation into this country
of all persons who are members of or-
ganizations that hold and teach these
murderous doctrines and still another
privilege for the deportation of all such
persons."

WORKING ON LAWS.
Connell and Powderly Drafting Measures
to Keep Out Anarchists.

Scranton, Pa., Sept. 12.—Congressman
W. S. Connell and Commissioner Gen-
eral of Immigration Powderly are in
consultation regarding the drafting of
a series of bills tending to deter anar-
chical crimes like that of last Friday at
Buffalo. Mr. Powderly will work on
the revision of the laws relating to im-
migration so as to prohibit the landing
of anarchists. Congressman Connell
will look out after the matter of pen-
alizing assaults on the person of the
president and other officials. Mr. Con-
nell proposes to have such assaults made
a treasonable offense and declares that
if the constitution stands in the way he
will not stop short of an effort to change
the constitution.

Czolgosz Sane.
Buffalo, Sept. 12.—Czolgosz has been
pronounced sane by the physicians who
examined him at the request of the
district attorney and in his presence.
In the hour he was before the physi-
cians he was questioned about his an-
tecedents. He declared there never had
been a case of insanity in his family,
nor had there been cases of diseases
likely to affect the reason.

Dr. Oregre took measurements of his
head, examined his eyes and made a
general physical survey of the assassin.
He and Dr. Fowler said with hesitancy
the man was sane and in their judg-
ment was sane when he attempted to
kill the president.

Reward for Parker.
Vicksburg, Sept. 12.—The board of
trade, through resolutions adopted, in-
augurated a movement with the object
of presenting a suitable testimonial to
James B. Parker, the negro who had a
hand in overpowering the would-be as-
sassin of the president. The resolutions
were approved by all classes of citizens.

Czolgosz from Prussia.
Posen, Prussia, Sept. 12.—The family
of Leon Czolgosz hails from Cerkwice,
near Zuin, in the province of Posen.

Stone Released.
Camden, N. J., Sept. 12.—Ethelbert
Stone, the laborer, who was arrested
here on suspicion of being an accom-
plice in aiding and abetting the at-
tempted assassination of President Mc-
Kinley, has been released. After a
careful investigation the secret service
agents could find nothing incriminating
against the young man.

Held Without Bail.
Chicago, Sept. 12.—Magistrate Prin-
deville decided that Emma Goldman,
the anarchist lecturer under arrest here,
should be held without bail pending the
decision of similar cases in the upper
court. The action of the justice extends
only to Friday of this week. At that
time the question will be reconsidered
and the magistrate will decide whether
she shall be held without bail or re-
leased under bond until the preliminary
hearing of the charges against her, which
is set for Sept. 19.

Extradition Movement.
Buffalo, Sept. 12.—Preliminary steps
to secure the extradition of Emma
Goldman, the anarchist leader under
arrest at Chicago for alleged complicity
in the plot to kill President McKinley,
have been taken for her removal to this
state.

Held Without Bail.
Chicago, Sept. 12.—Judge Chetlain
has decided to hold the Isaaks and the
other alleged anarchists without bail
until Friday, when argument will be
heard on habeas corpus petition.

Policeman Suspended.
Kingston, N. Y., Sept. 12.—Mayor
Phinney has suspended Policeman Fred-
erick Heppner for his remarks regard-
ing the attempted assassination of Pres-
ident McKinley. Heppner said it was
a pity some more people were not shot
who insisted on making rich people
richer and poor people poorer and that
the president's death would equalize
wealth.

Tarred and Feathered.
Casper, Wyo., Sept. 12.—Hans Wag-
ner, who is said to have expressed sym-
pathy with Czolgosz, was tarred and
feathered and ridden out of town on a
rail. He was warned that if he should
return he would be lynched.

Longshoremen Strike.
New Orleans, Sept. 12.—The business
port of New Orleans is temporarily tied
up on account of a strike of longshore-
men. The cause of the strike is a de-
mand made by the longshoremen for an
increase from 40 cents an hour straight
to 60 cents for night work and 80 cents
for Sunday work.

Quiet in Strike District.
Pittsburg, Sept. 12.—Quiet prevailed
at all points affected by the strike in
this vicinity, in marked contrast to the
excitement and disorder of the past few
days. No change in the situation at the
mills.

Tramps Attacks a Train.
Chippewa Falls, Wis., Sept. 12.—A
gang of tramps attempted to hold up a
Wisconsin Central freight train at Ir-
vine and exchanged shot with the train
men. One tramp was shot in the leg
and five were arrested.

THOSE OBSERVATION SLEEPERS

run via "THE DENVER ROAD"

from Fort Worth to Colorado Springs every morning are among the
handsomest equipment of the Pullman Company. The large Obser-
vation Parlor, with spacious windows and movable easy chairs, etc.,
affords the advantages and comforts of a private car; while the table
and service in the Cafe Car in all respects equal the fare of the best
hotels and restaurants at corresponding prices. Special satisfaction
is expressed by the ladies in the commodious dressing rooms found
in our Pullmans, and all our guests appreciate the freedom from
carving, superfluous decorations and stuffy plushes, which is a dis-
tinctive and welcome feature of the most up-to-date Pullman Sleep-
ers—the kind we have two of each day, run through without change.
Our Day Coaches are also of the latest design, elegant in their dig-
nified simplicity, with very comfortable high-back seats, the equal
of any similar equipment. No other line operates Cafe Cars from
Texas, and no other line runs through trains to Colorado (and our
time is far and away the shortest, too); no other line has Observa-
tion Sleepers to the Northwest, no other line makes a specialty of
Colorado Tourist travel. It is a fact—"You Don't Have to Apologize
